Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 26 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain clearing in south, with hill snow in north.

This Evening and Tonight:
Most persistent rain and hill snow gradually petering out and then clearing eastwards leaving a fairly cloudy night with some light rain and drizzle. Less cold for many than recent nights. North Scotland drier and colder.

Wednesday:
Mostly cloudy with some light rain and drizzle. More widespread rain arriving from the southwest during the afternoon. Northern Scotland colder and drier but snow showers for Shetland.

Outlook for Thursday to Saturday:
Remaining cold in the north, but becoming mild for a time in the south with some heavy rainfall. Across northern areas, there is potential for some significant snowfall during Thursday.
